Thomas G. Seigel, *Superintendent of Schools*

Dear Parents:

The Bethel School District is proud to be a part of your child's education. Our schools are committed to working with parents and our community to provide an outstanding educational program for Bethel's young people. As your child proceeds through Bethel schools he or she will be taught by highly trained and caring teachers. Bethel support staff, including bus drivers, custodians, clerical and food service staffs, are a vital part of that team, working to create a safe, secure, and healthy environment that supports learning. You will find that the teachers, principals and support staff in each school work together to provide a quality school for all students.

I urge you to be involved in your child's education and school life. Each school has a Parent Teachers Association (PTA) which offers parents a way to get to know other families and to take part in many school activities. For parents who wish to become part of the school's planning process, membership in the school site council is encouraged. Whether you choose to become active in school activities or to support your child through conversations and help at home, Bethel's team of professionals will work with you to ensure that your child is a successful learner.

Thank you for being our partner as we strive to provide the best possible education for all our young people. We appreciate the opportunity to serve you and your children.

Sincerely,
